## What Chinese students say.....

My name is Qiu Wen Jing and I come from Wuhan. This is my second year at Wellington High School and I'm in Year 12 now.

This year I'm studying Year 13 Mathematics with Calculus, Year 13 Mathematics with Statistics Year 13 ESOL, Year 12 Economics, Year 12 Social Studies and Year 12 Food Technology – this is the subject I really enjoy.

I live here with members of my family, my Uncle and Cousin. I like it here because we all understand each other. I've been to the South Island and Auckland. The South Island is so beautiful. It is like walking in a picture. I prefer Wellington to Auckland it is smaller and easier to get around.

I like Wellington High School very much. I like the teachers because they are very helpful. I have made some really good friends here and this school has very good facilities.

My name is Yan Liu. I am nineteen years old and I come from Lanzhou in China.

I am doing a university entrance course: Biology, which I particularly like, Physics, Mathematics with Statistics, Mathematics with Calculus, ESOL, Chinese and recreation for fun. I played tennis for a school team in the summer. This year I am sharing a flat with other students. I enjoy that because it gives me a chance to be independent.

I like Wellington High School. The students are friendly, the environment is great to practice your English and the library is very modern with many books and the internet to find information. Wellington is a small city and very quiet but that is good for me. I can concentrate on my study.

My name is Wang. I did my secondary schooling at WHS and achieved University Entrance. Then I studied Business at Victoria University to get a Bachelor of Commerce. Now I work in Wellington.

My name is Xi and I am 17 years old. I come from Nantong near Shanghai. Last year in Year 12 I was really successful. I achieved NCEA Level 2: Mathematics, Accounting, Economics and English literacy credits. This year I am in Year 13 studying Accounting, Economics, Statistics, Calculus, Chinese and a Year 13 contemporary English course. Next year I will go to Victoria University and probably study Business and Accounting.

I live in a home-stay with a Kiwi couple and their two little children. I really feel part of this family. The food is different from home but good and I have nice sunny room. During the holidays I went to several live performances at the theatre with my host mother. I enjoyed them very much. We also visited a sheep farm in the Wairarapa and stayed there a few days. I liked walking in the bush and the mountains.

I really like Wellington High School. My English has improved enormously and I have learnt a different way of studying, of getting information by myself not just getting it from the teacher. I think being in New Zealand has improved my personality. I have developed self reliance and independence. The people here are polite and friendly and they care about other people

Associate Professor of Computing at Hong Kong Polytechnic University Jack Keung attended at Wellington High from aged 13. He achieved university entrance then studied in Melbourne for his PhD.

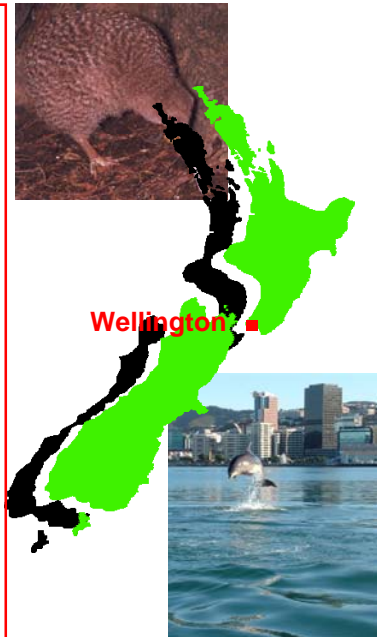

Yidan Wang graduated from Wellington High in 2004. Yidan then studied at Victoria University to become a teacher. She now teaches English in France.

紐西蘭是一個安全、友好的小國家，通用語言是英語，位於南太平洋地區。國土面積比義大利稍小，人口僅420萬。與義大利一樣，紐西蘭也有高山和美麗的沙灘。本地人常被稱為Kiwi，即紐西蘭的國鳥（奇異鳥）。紐西蘭人開朗、友好且熱愛體育運動。這是個風景秀麗的國家，交通便利，教育體制完善，提供許多嘗試新體驗的機會。

紐西蘭首都威靈頓位於北島最南端，有便捷的交通通往全國各地。威靈頓是個小城市，有35萬人口，沿美麗的海港而居。這裏有國家博物館、政府、兩所大學和中國使館。

威靈頓的華人社區有著悠久的歷史，每年慶祝中國傳統節日並歡迎觀光遊客。
